

ESBP

European Society for Bonding Psychotherapy

ESBP Meeting Vitterio Veneto (Italy)

Report General Meeting 2010

Grace wrote all of the suggestions made by the different groups regarding the future of BP; they are on the board.

The next ISBP conference will be in Buenos Aires, Argentina on September 2-4, 2011.

The current European Board is Jeff Gordon, president, Rob Olij, vice president, Domingos Neto, secretary, Johan Maertens, treasurer

New board members are Godehard Stadmuller, Francisco Miguel Alves Henriques, Portugal, and Bo-Göran Gustavsson , Sweden.

Last year an application was sent to the European Association for Psychotherapy (EAP) for membership. However, there has been no approval as of yet. One reviewer answered and the other has not. We can always join the European Body Therapy Association which is a member of EAP if we are turned down.

Next European meeting will be in June, 3rd weekend, 2012.

The Board accepted the current financial budget.

Currently, 2 news letters were sent to members and more information from chapters is needed.

We will now acknowledge with appreciation our presenters, translators, and Gigetto de Bortoli for hosting this conference at his monastery and church.

Michael Hurney (U.S.)
