**Agenda point 1: the two delegates for the tri-annual meetings of the EAP will be Jeff Gordon and Godhard Stadtmüller.
(Whenever possible, Johan Maertens will attend if one or the other main delegates can not attend).**

Yes : 9 votes

One comment from Domingos Neto (Portugal)

"I accept the President of ESBP as representative on EAP. He can be substituted when he can not go to meetings. For the second delegate I propose any other fellow, considering he has scientific work on Bonding Therapy done, and is ready to present communications when necessary. He can change between meetings. Like this we prevent the gap between older and new generations, improve communication between our members and update our theory"

Agenda point 2: The German chapter has elected a new President : Christiane Weissbach. Christiane would replace Kornelius Roth in the ESBP Board.
