---

This has been my last duty as acting President of ESBP and I thank each of you for your support.

I congratulate Domingos! He understands that this is an important time in our organization's history, and he has expressed his willingness to work and build on what has been accomplished to date. He and his new officer team have my full support, and I encourage all of you to **actively** support him in the months and years to come.

Best wishes,  
Jeff
