

REPORT MEETING TEACHING FELLOWS FROM
EUROPE, AMSTERDAM 11 MARCH 1989.

Present: Peter Geerlings, Adelheid Gerstenberg, Inger Johansson, Martien Kooyman, Carlo Kreiner, Osa Loof, Johan Maertens, Elsie Pettersson en Inneke Prins.

Peter Geerlings, as host and president of this meeting, was very happy to welcome everybody. He suggested to work first and to have pleasure afterwards.

1. The minutes of the last meeting in Stockholm were approved.
2. The agenda was drawn up as follows:
 - 1 Examination for fellows.
 - 2 Examination for teaching fellows.
 - 3 Composition of ISNIP.
 - 4 Connection from the Newsletter with the chapters.
 - 5 Next conference in Europe.
 - 6 ISNIP in Europe.
 - 7 Change of the bylaws.

Examination for Fellows:

Adelheid brought a question up concerning the fellows: in germany one thought that a fellow had to have the examination at the yearly conference. So they would send four people for this to the conference in New Haven. The meeting concluded that the credentialing for fellow can be done by the national chapter and that the international credential committee can approve this decision.

The question of oral and written examination was settled at the Detroit conference. We suppose that, once a training program is accepted by the international board, this program can advise to the chapter to accept a fellow.

As it seems only the swedish training program was accepted by the international board. The meeting decides to bring the trainingprograms on the agenda of our next meeting. We would look for the minimum standards and advise to the international board to accept those programs that meet this criteria. For this all trainingprograms send their program to the teaching fellows to prepare next meeting.

Nederland: Von Weberlaan 21 - 3055 HW Rotterdam

Examination for teaching fellows.

Vlaams Nederlandse Vereniging voor Bonding/Psychotherapie

For the teaching fellows it is the international credential committee, with advice from the european credential committee (Peter Geerlings, Inger Johansson and Johan Maertens, as installed at the Binghampton conference), that decides. Also the credentialing of teaching fellows for a new chapter is an international matter, however we would like to have an advice of the european committee in case of european candidates.

There was also the question to announce in the newsletter when somebody is prepared to have his or her examination for teaching fellow. Every body who wants to make some remarks about this candidature can give the information to the credential committee. *Yes*

The examination for european teaching fellows could be done with the european credential committee, this examination is preceded by a file of the two sponsors in wich is clearly shown that the candidate has had the training in all its aspects. The meeting suggests that the procedure and not only the requirements could be published in the newsletter by the credential committee.

ISNIP

The ETF were happy with the report of Georges in wich he mentioned that the american association was looking how to separate ISNIP and the american association.

We look forward to decide on new membershipfees. This decision should be made, based on the answer to the questions: what is the function of ISNIP, what are its concrete tasks and what budget is needed to reach the goals ?

The function of ISNIP was not deeply analysed during the meeting but the main points where brought up:

- giving the president the occasion for travelling to Europe or to US twice a year.
- provide an advance budget for the coference of \$ 5.000.-
- research.
- credentialling and training programs.
- newsletter.

Newsletter

The Newsletter is necessary for exchanging and reports. Also on

België: Damse Vaart West 9 - 8350 Damme
Nederland: Von Weberlaan 21 - 3055 HW Rotterdam

Vlaams Nederlandse Vereniging voor Bonding/Psychotherapie

Georges proposal every chapter should have its reporter to bring in the news of the chapter in the international letter. We suggest to remove the calendars from the Newsletter if they have not an international character and to give more information about the total situation of NIP in the world.

Conference:

Next conference will be at the Garda Lake in Italy organised by Carlo Kreiner. This decision should be fixed before may. The date will be september 1990, with a short conference in between two weekends

Isnip in Europe and Changing the bylaws were not treated.

3. Next meeting: 23 and 24 march 1990 Damse Vaart West 10 A
8350 Damme, 00/32/50/339089, at Johan Maertens
and Magda Baukelands new build therapycenter.

: meetings every day from 14.00 to 17.00.

: agenda: minutes 11 march 1989, training
programs, program conference Italy.
