Letter from the President

Welcome, Flemish-Dutch Society for Bonding and Bonding Therapy, the new chapter of the International Society for the New Identity Process! President, Johan Maertens; Secretary Martien Kooyma. Martien will be in the States during August and September, and is looking for invitations to conduct NIP Workshops over here. Please call or write him at his address in the Newsletter.

Our members in Germany report that they are moving in the direction of a German Society. We will look forward to their becoming a chapter of the International Society, too.

Tance and I plan to be over in Europe with our NIP peers for three weeks in June. We are working for closer ties across the Atlantic.

Be sure to set aside some time for the Annual Meeting and Conference in Livonia (Detroit) Michigan on July 25-28, 1985. The program is shaping up already, with special workshops and papers about the New Identity Process in the world today. (American Airlines is advertising bargain fares "anywhere in the U.S. from \$39 to \$129" so get tickets now for July 25th and 28th and save on travel.)

The Thursday night workshop is designed to set the tone for the whole weekend — with a chance for everyone to practice some venting, bonding, and self-affirming. Friday and Saturday are for workshops and papers, and Saturday evening is for our "playtime banquet." (At the last banquet, we were asked if we were a family reunion!) If you desire to present either a paper or conduct a workshop, send a half-page abstract giving the essence of what you are planning to do to Janice Frank in Syracuse. For workshops, we will need a full outline, and for papers, the full text before June 15, 1985. We plan to publish proceedings this year.

Please make the extra effort to be at the Conference in Detroit. These first few years are crucial in the development of the Society. Let's plan to be there for ourselves and for each other.

Please have information for July's newsletter in to me by JUNE 1.

Thanks,
Pat Kissick, Newsletter Editor

Letter from the Editor

Greetings!

The ISNIP board meeting Feb. 2-3 at Janice Frank's in Syracuse, N.Y., was a busy, profitable and rewarding time, with much business accomplished.

I'm sure you'll notice the photo in this newsletter. We'll be including photos regularly, of contributing writers and any ISNIP events of interest.

Please pay special attention to the enclosed registration and information forms concerning the upcoming annual conference. For a conference rate reduction, return by May 1. Also, Janice Frank is needing your abstract information as soon as possible.

The newsletter will also be accepting paid advertising beginning in our next issue. Rates will be published.

Enjoy!

Hugs,
Pat

Bonding Makes the Difference

According to a recent Associate Press article, a University of Utah husband and wife research team has found that when fathers take an active role in their daughter's upbringing right from the beginning, though 3 years old, with holding, feeding and diapering, they are less likely to sexually abuse the girls later on.

Seymour and Hilda Parker studied more than 100 abusers and non-abusers in a Utah prison and welfare systems. This study is a first — comparing sexually abusive fathers with fathers who have psychological problems, but who aren't incestuous.

The study's conclusion is that those fathers who had inadequate bonding with their own parents are at risk to abuse their daughters.

The abusive fathers said they had felt neglected or mistreated by their own parents, and the Parkers conclude this made it difficult to form a physical as well as emotional bond with their own daughters. The biggest difference between the two groups, the Parkers said, was the amount of time the fathers spent with their daughters; 30 of the 54 abusing fathers had no contact with their daughters during the first three years, and others spent little time with them.

A suggestion the Parkers made to stem the problem is for physicians and others to insist the fathers attend their children's births and to be a part of the bonding process.

Teaching Fellow, Fellow and Trainee Standards Criteria in the New Identity Process

The following personal attributes are important for selection of trainees, Fellows and Teaching Fellows in the New Identity Process: a sense of adult responsibility, personal integrity, genuine concern for people and a sincere desire to help, acceptance of all people, capacity for insight into our own and others' problems, a deep capacity for empathy, ethical conduct (will not exploit clients' dependency or vulnerability), ease with physical closeness without it becoming sexual, ability to set aside own ego and insecurities, potential to recognize and handle the complexities of transference and counter transference, recognition of own limits, ability to confront, honesty, openness, energy, humor, a capacity for joy in living, commitment to continuing learning and growth.

Criteria for Fellow

1. The member must have a minimum of a Bachelors Degree.
2. She/he must be sponsored by a current Teaching Fellow who has presently a working relationship as a supervisor with him or her. Supervision includes addressing all significant NIP issues, primacy of client care, ethical behavior, collegiality, assessment, personal standards, etc.
3. The sponsor and/or primary therapist must provide a statement that the applicant's psychotherapy in the NIP is finished to the extent that she/he can responsibly conduct therapeutic sessions.
4. The sponsor must provide a statement recommending the applicant for society fellowship, and describing the working relationship with him or her.
5. The applicant must attend an intensive weekend or a week with a Teaching Fellow other than his/her sponsor during which time she/he is observed running two groups. The evaluation then is done by that Teaching Fellow, peers in the training program, and any other therapy staff members present. The applicant must demonstrate the ability to teach the NIP to clients.
6. The applicant must have led NIP groups for a minimum of 250 hours of documented supervised therapy work plus a minimum of an additional 10% of supervision hours. Past professional experience and/or NIP therapy will be credited to these hours at the discretion of the standards committee, based on the evaluation and recommendation of the sponsor.
7. The applicant must pass a written exam and an oral exam. The oral exam is to be administered by three Teaching Fellows, to be arranged by the Board. Exams will be held minimally once a year in conjunction with the yearly conference, but they may be held at any other time should the need arise. For the exam, the applicant should be familiar with the content areas as published in the ISNIP Newsletter, and available from the Board upon request.
8. The applicant must demonstrate familiarity with the ISNIP's Ethical Code, and needs to be able to discuss and resolve ethical issues.

9. The applicant will present the framework in which she/he intends to use the NIP, and must demonstrate awareness of the legal framework regarding practice in his or her state.
10. The applicant becomes a Society Fellow by majority vote of the Board.

Criteria for Teaching Fellow

1. The applicant must have an advanced degree, at least a Masters, in one of the "helping professions", subject to interpretation by the Board as to what is a helping profession.
2. She/he must be sponsored by two Teaching Fellows who are familiar with the applicant's work. One sponsor will be the Supervisor who has had a working relationship with the applicant for at least one year and has had a chance to observe the work over time. Supervision includes addressing all significant NIP issues, primacy of client care, ethical behavior, collegiality, assessment, personal standards, etc. The co-sponsor should also have known the applicant for a similar amount of time, and needs to have seen the applicant run at least one weekend workshop (plan and conduct workshop and invite co-sponsor to attend).
3. The sponsor and/or primary therapist must provide a statement that the applicant's psychotherapy in the NIP is finished to the extent that she/he can responsibly conduct NIP therapeutic sessions and act responsibly as a supervisor for NIP work and training.
4. The sponsors must provide a statement recommending the applicant for teaching fellowship and describing the (working) relationship with him or her. In particular they need to address the issues of supervisory and teaching skills.
5. The applicant must have led NIP groups for five years.
6. The applicant must have been involved in the teaching and supervision of trainees in collaboration with a Teaching Fellow for at least two years.
7. The applicant must have demonstrated an ability to teach the NIP on an experiential and cognitive level to trainees. The applicant must have demonstrated an ability to serve as a supervisor for trainees.
8. The applicant must have made a written contribution to the further development of the NIP. This should minimally be a presentation (not a solely experiential workshop) at the ISNIP's annual conference, and it may include journal and newsletter publications in addition.
9. The applicant must pass a written exam and an oral exam. During the oral exam the applicant will be asked to demonstrate his/her teaching skill, supervisory skills as well as ability to help trainees resolve ethical issues in role play situations. The oral exam is to be administered by three Teaching Fellows, to be arranged by the Board, and is open to all Board members and Teaching Fellows. Exams will be held once a year in conjunction with the yearly conference. For the exam the applicant should be familiar with the content areas as published in the ISNIP newsletter, and available from the Board upon request.
10. The applicant becomes a Teaching Fellow by three-quarters majority action of the Board.

"Pleasure... the bonded result"

All too often people will accept the absence of pain without realizing their **potential** for **pleasure** and then wonder why they still feel unfulfilled or unhappy. Participants will learn to experience their pleasure potential while therapists and trainees will learn how to teach about this potential to their own clients.
